

Adsparkx Enterprise Support Contract

1. Enterprise Plan Overview

Enterprise customers receive dedicated support, custom SLAs, and a dedicated Customer Success Manager (CSM). This document outlines the enterprise support agreement terms.

2. Dedicated Support Channels

Dedicated Slack channel with support team (real-time). 24/7 emergency phone hotline for P1 incidents. Dedicated CSM email and direct line. Monthly business reviews and strategy calls. Priority access to beta features and roadmap.

3. Response Time SLA

P1 Critical: 30-minute first response, 4-hour resolution. P2 High: 2-hour first response, 8-hour resolution. P3 Medium: 4-hour first response, 48-hour resolution. P4 Low: 8-hour first response, 7-day resolution.

4. Data Security and Compliance

SOC 2 Type II compliance report shared upon NDA. Data Processing Agreement available for EU customers. Custom data retention policies negotiable. HIPAA Business Associate Agreement available for healthcare customers. Penetration test reports available on written request.

5. Onboarding and Training

Dedicated onboarding specialist for first 90 days. Four hours of custom training for your team. Custom integration support from Solutions Engineering. Access to private Enterprise documentation portal.

6. Enterprise Escalation Paths

Level 1: CSM via dedicated Slack or email. Level 2: Support Manager escalation via CSM. Level 3: VP of Customer Success for unresolved P1/P2 issues. Level 4: CTO escalation for infrastructure failures affecting SLA.

7. Custom Contract Terms

Enterprise agreements may include custom payment terms (NET-30, NET-60), custom API rate limits, white-labeling options, and multi-year pricing with annual escalation caps. Contact your Account Executive for negotiations.
